1.0 INTRODUCTION

Thanks for purchasing this **TV ONE TASK™** Distribution Amplifier from TV One. The **TV ONE TASK™** Distribution Amplifiers are designed to provide a quickly implemented solution for distributing Composite, S-Video and RCA Connector based Video or Audio signals to multiple devices. Our professional video conversion products have been serving the industry for over twenty years. TV One offers a full line of high quality Video Scalers, Scan Converters, Analog-Digital (DV, SDI, DVI) Converters, Standards Converters, Digital Video Recorders, Frame Synchronizers, Time Base Correctors, LCD Monitors, Matrix Routing Switchers and Distribution Amplifiers.

1.1 Liability Statement

Every effort has been made to ensure that this product is free of errors. TV One cannot be held liable for the use of this hardware or any direct or indirect consequential damages arising from its use. It is the responsibility of the user of the hardware to check that it is suitable for his/her requirements and that it is installed correctly. All rights reserved. No parts of this manual may be reproduced or transmitted by any form or means electronic or mechanical, including photocopying, recording or by any information storage or retrieval system without the written consent of the publisher.

TV One reserves the right to revise any of its hardware and software following its policy to modify and/or improve its products where necessary or desirable. This statement does not affect the legal rights of the user in any way.

All third party trademarks and copyrights are recognised. The TV One logo, TV One-task and CORIO are the registered Trademarks of TV One. All other trademarks are the property of their respective holders.

1.2 FEATURES

The **TV ONE TASK™** products have many features that enable them to perform in a superior manner. Among those features you will find:

- Ultra Compact Form Factor
- High Performance Signal Distribution
- Plug and Play—No boot-up required
- Multiple Models to support standard video and audio connectors
- Locking Power Connector
- 100 Mhz Bandwidth for Video
- 20hz-60Khz Bandwidth for Audio

3.0 CHECKING PACKAGE CONTENTS

Before attempting to use this unit, please check the packaging and make certain the following items are contained in the shipping carton:

- 1 x **tvONE TASK™** Distribution Amplifier
- AC Adapter: +12 VDC @500mA
- Operation Manual

Note: Please retain the original packing material should the need ever arise to return the unit. If you find any items are missing, contact your reseller or TV One immediately. Have the Model Number, Serial Number and Invoice available for reference when you call.

4.0 CONNECTING THE HARDWARE

Please study the panel drawings below and become familiar with the signal input, outputs, power requirements plus any controls present. Note that the three Video Models are the same product except for the Input/Output connector type. Connect the AC power Adapter to the AC socket and then connect the small tubular plug to the unit, twisting it gently to lock it in place. Connect the appropriate input cable/output cables and turn the power switch on.

5.0 OPERATING THE UNIT

After you have connected the AC Adapter and connected the appropriate Input/Output cables, turn on the power switch. The unit should immediately provide high quality signals at each of its outputs.

6.0 TROUBLESHOOTING

If your *tvONETASK™* product does not function, check that you have AC available at the AC socket. Occasionally AC sockets are un-powered until a wall switch is closed. Next make certain that the power plug is securely connected to the unit. (It should be pushed in and gently turned to lock it in position).

If the unit powers up but does not provide outputs, check the input and output cables and their connectors for integrity and damage. Try a different cable on the outputs if individual outputs are not present and try a different input cable if there is no output on any connector.

Realize that you must use a high quality cable if you want to experience the full bandwidth capability of this *tvONETASK™* product.

After trying the above suggestions should the problem still persist, contact your dealer for additional suggestions before contacting TV One. Should the dealer's technical personnel be unable to assist you, contact TV One via our support website: **<http://tvone.crmdesk.com>**. Create a technical support request on the site and our support team will respond within a short period of time.

7.0 LIMITED WARRANTY

LIMITED WARRANTY – With the exceptions noted in the next paragraph, TV One warrants the original purchaser that the equipment it manufactures or sells will be free from defects in materials and workmanship for a period of two years from the date of purchase. Should this product, in TV One's opinion, prove defective within this warranty period, TV One, at its option, will repair or replace this product without charge. Any defective parts replaced become the property of TV One. This warranty does not apply to those products which have been damaged due to accident, unauthorized alterations, improper repair, modifications, inadequate maintenance and care, or use in any manner for which the product was not originally intended.

Items integrated into TV One products that are made by other manufacturers, notably computer hard drives and liquid crystal display panels, are limited to the term of the warranty offered by the respective manufacturers. Such specific warranties are available upon request to TV One.

If repairs are necessary under this warranty policy, the original purchaser must obtain a Return Authorization Number from TV One and return the product to a location designated by TV One, freight prepaid. After repairs are complete, the product will be returned, freight prepaid.

LIMITATIONS - All products sold are "as is" and the above Limited Warranty is in lieu of all other warranties for this product, expressed or implied, and is strictly limited to two years from the date of purchase. TV One assumes no liability to distributors, resellers or end-users or any third parties for any loss of use, revenue or profit.

TV One makes no other representation of warranty as to fitness for the purpose or merchantability or otherwise in respect of any of the products sold. The liability of TV One with respect to any defective products will be limited to the repair or replacement of such products. In no event shall TV One be responsible or liable for any damage arising from the use of such defective products whether such damages be direct, indirect, consequential or otherwise, and whether such damages are incurred by the reseller, end-user or any third party.

8.0 REGULATORY COMPLIANCE

This product complies with the relevant standards for CE and FCC approval for Class A devices.

The Power Adaptor/Supply has been tested for compliance with: UL, CE and CSA relevant standards.
